

HELPING FAMILIES
PREVENT. DETECT.
AND RECOVER FROM
IDENTITY THEFT.

Customer Solutions

comprehensive solution to prevent, detect
and recover from identity theft

Our customers have access to proprietary solutions that go beyond traditional identity theft monitoring services. Leveraging our exclusive Annual ID Check Up we take measures to ensure that your identity has not already been compromised.

Why do customers choose ID360 over our competitors?

- + Access over a dozen public records with our Annual ID Check Up
- + Recovery for past acts and previous fraud
- + Dedicated US-based resolution team
- + Integration available with existing financial and insurance products
- + Educational resources and informative guide book

Why is ID360 priced so much better than our competitors?

Our competitors spend hundreds of millions of dollars in annual advertising to attract new customers using television commercials.

At ID360 we have focused our resources on the development of sophisticated technology that allows our product to be offered direct-to-consumer or via a growing network of trusted financial professionals. This unique delivery method ensures that we can offer unmatched service at a drastically lower price point.
