ATM and One-Time Debit Card Transactions

WHAT YOU NEED TO KNOW ABOUT OVERDRAFTS AND OVERDRAFT FEES

An overdraft occurs when your account's "available balance" (which is described in your Membership and Account Agreement) is not sufficient to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have standard overdraft practices that come with your account.
2. We also offer overdraft protection plans, such as a link to another account of yours, which may be less expensive than our standard overdraft practices. To learn more, ask us about these plans.

This notice explains our standard overdraft practices.

What are the standard overdraft practices that come with my account?

We do authorize and pay overdrafts for the following types of transactions:

- Share drafts/checks, and other transactions made using your checking account
- Automatic bill payments
- ACH transactions

We do not authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

- ATM transactions
- One-time debit card transactions

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction.

If we do not authorize and pay an overdraft, your transaction will be declined.

What fees will I be charged if the Credit Union pays my overdraft?

Under our standard overdraft practices:

- We will charge you a fee of \$ 25.00 each time we pay an ATM or debit card transaction overdraft.
- There is no limit on the total fees we can charge you for overdrawing your account.
